BIRTH OF AN ALIEN

7 Feb 95

No I'm not a homophiliac

I'm not an I V drug user

No I did not receive a blood transfusion in the mid 80's

I'm not a health care worker who was repeatedly pricked with HIV infected needles

Bedroom #5

I did not get this disease from the warm and loving confines of my MOTHERS womb

Nor from a sister with a less than desirable reputation

What I am is a black gay man who contracted HIV by having unprotected sex with another ~~man~~ BLACK gay man

What I am is a survivor / 10 yrs. and death is still trying to seduce me

WHAT I am is TIRED OF BEING TIRED

What I am is human, sometimes scared and quite often alone

What I am is one of the first real signs that alien life forms exist on earth

A MAD MOTHERFUCKER

What I have become is an angry / I don't appreciate receiving something & can't take back and exchange for a larger size, different style or color, or return for a full refund when dissatisfied with it
